

The Ice Melter for your market. Guaranteed safety first

gaiausa.com
safepaw.com

People & pet safe

Safe on eyes, skin and paws. It's safe around and if ingested. Best of all: 100% salt free

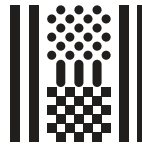

Safe chemistry

Made with a patented dual-effect formula: it melts ice instantly while breaking its surface tension. Result: speeds up the melting process

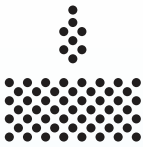

Melt at low temps

Guaranteed to melt at low temperatures (-2°F), it's non-toxic and biodegradable

Surface safe

Safe on lawns, shrubs, metal, concrete, asphalt, brick, pavers, saw wood & composites, on floors and rugs

Excellent spread rate

Allows a typical back yard to be treated to make a safe winter playland for pets and people. Can be used for a long time on small and large areas

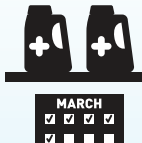

Livestock safe

Can be used around all animals. Create safe areas around barns, paddocks, pens, or anywhere where animals, people, vehicles may travel

Non-corrosive

It's non corrosive and non-conductive. No damage to delicate machinery or worry about short circuits

Long shelf life

Concentrated formula assures long-term, maximum effectiveness from season to season
